1400 Bayly Street, Unit # 10, Pickering, ON L1W 3R2

ONTARIO CURLING ASSOCIATION CLINIC TEAM PROGRAM – INSTRUCTOR APPLICATION

About Clinic Teams:

Of the 200 curling clubs in Southern Ontario many do not have trained instructors within their club to do any formal training or coaching at the club level. As a result, the OCA gets dozens of requests to do various types of clinics (ex. basic delivery and brushing techniques, strategy, rules and etiquette, skill analysis, etc.) each year.

The Clinic Teams consist of a team of 4 to 6 instructors/clinicians and a Team Leader in each of the OCA’s 16 zones

As a clinic request is received in the OCA Office, details such as date and time would be decided between the Clinic Team and the requesting club, through the facilitation of the OCA Office. Clinic Team Members are compensated for their time.

The qualifications of Clinic Team Members include:

- NCCP: “Trained” Club Coach
- Must be approved by the OCA Technical Coordinator & recommendation by a Clinic Team Lead
- Must be able to communicate well with the clubs in the area
- Reasonably available to help with the clinics.

All Clinic Team Members will receive Training by the Clinic Team Leader in their area.

Please complete the following application and email to Laurence Bishop at lbishop@ontcurl.com.
